

## Committee Meeting for Old Fire Station July 2, 2014

Members Present: Marsha Gadoury, Warren Hill, and Anthony Acheson

The meeting began @ 7:02PM.

Marsha Gadoury was nominated as Chairperson.

We recommend an appraisal be done by two outside appraisers.

If built before 1972, is the property "grandfathered" and what use can it be?

.

We discussed the possibilities of moving the building up to the new fire station for recycling use but felt that would be too expensive with moving it and renovating the building to fit into the looks of the new fire station.

We plan to send a letter to each tenant of buildings owned by the Town of Greensboro to see if they have any interest in using the building. We will ask for their response by August 15th.

Our combined suggestions for the building were: Keep for future use; Sell by auction or sealed bids.

The meeting ended @ 8:00PM

Marsha Gadoury, Clerk
