

Greensboro Selectboard

September 27, 2012 – Special Meeting

MINUTES

PRESENT: Susan Wood, Anne Stevens, Marsha Gadoury, Peggy Lipscomb, Warren Hill, Jr., June Cook, Valdine Hall, Hilary Hoffman, Tracy Collier

CALLED TO ORDER: 5:40 PM

TOWN HALL DUST CLEAN-UP

1. Sue will replace Anne as the Selectboard liaison with Lakeview Union School.
2. Hilary told the Board that she wants to know how many particulates her son was breathing in for eight days. Valdine pointed out that the Selectboard had nothing to do with kids being in the building for those eight days: that was a call made by the Principal. She noted that the project has been in the works for two years.

Sue related all the phone calls she made to the State and other health officials starting on Sept. 10, and that they didn't see any potential problems with air quality in the school rooms. Discussion of cleaning the school rooms, and the role of the Board of Health.

Discussion of having all the kids in the main school building, and not in the town hall.

The Selectboard decided to wait to hear from the Dept. of Health regarding the dust cleanup, and go from there. A written agreement between the town and the school will be drawn up.

ADJOURNED: 6:40 PM

Respectfully submitted, Anne Stevens
