

Stewards of the Greensboro Watersheds

Minutes March 2, 2020

7:00

Wonder and Arts

Present: The Manns, Joann, June, Jed, Anna, Carolyn

Joann called the meeting to order at 7:03

1) Approved the minutes

2) A long discussion about first impressions and the message we want be made at Town Meeting.... the desire to be sure to emphasize the Committee is concerned with all the waters of the town, that the committee will seek out the ideas of Greensboro, The Bend and Eligo residents.

3) Jim Sawyer from Eligo will be joining the committee. We hope to find a member from the bend.

4) Victoria will speak for all the committees at Town Meeting. There will be a table for the Four Committees. (Last minute change Anna spoke for our committee.)

5) Jed spoke excitedly about a conversation with Kellie Merrill who has a presentation about deep cold lakes with new visual imaging and who wants to give a presentation in Greensboro. The end of June is a good time. Hopefully at the Highland Center for the Arts in the small room will be available.

6) In an effort to reach out to The Bend we will look for a possible space at the church or the Daycare Center for our next meeting. Hopefully the end of May.

7) Discussion of the Septic Social. Looking to the Funky Fourth. Everyone wants to wait for Christine, Lisa and Alison before moving forward.

8) Tom from the road crew. The road crew has been overworked plowing snow. June hopes to have a quick word at Town Meeting and open the dialogue.

9) To do list:

Joann will speak with Julie Swank and Jared Nunnery.

The Manns will work on developing a story or stories on how the changes in Greensboro waters affect us.

Jed will speak with Kellie Merrill and seek a location for the presentation. We will try not to schedule the presentation on a night people may have commitments.

Anna will speak to Victoria about Town Meeting, go with June to speak with Tom and look into Stream Wise.

Carolyn will speak to people in Stannard who may have interest in the committee and the presentations. And write up the minutes,

NEXT MEETING;

APRIL 2, 2020

10;30 IN THE MORNING

(THURSDAY)
