4.15 Short-Term Rental of Residential Property

(A) Intent of STR Bylaw
One economic leg of Greensboro's tourist-based economy is summer tourism, based on or around Caspian Lake and Eligo Pond. This bylaw seeks to protect the character of the community and its natural resources and ensure the protection of these resources while recognizing that the Short-Term Rental (STR) industry has been accelerating in recent years and the use of STRs in the community has increased. The intent of this bylaw is:

1. to support Greensboro’s tourist base and local economy, while simultaneously upholding the health, safety, and welfare of the public and preserving the abundant natural resources;
2. to more equitably manage the STR use of residential properties in the Town of Greensboro; and
3. to establish procedures and standards by which residential properties can be made available to visitors, vacationers, and tourists for short-term rental in a manner that protects both the quality of their experience and the community character of Greensboro.

(B) Purposes of STR Bylaw
1. To establish a balance between the desire of legacy property owners to rent their residential properties to STR visitors, vacationers, and tourists for compensation and the desire of residents to preserve the traditional peace and quiet of their residential neighborhoods.
2. To preserve and protect residential neighborhood character and livability from the impacts that are often associated with short-term rentals.
3. To promote the safety of occupants of short-term rentals.

(C) Short-Term Rental. Short-Term Rental is the rental of a Dwelling Unit such that the occupancy is limited to less than 30 consecutive days and more than 14 days in a calendar year.

(D) Short-Term Rental Requirements:
1. Short-Term Rental of Property in any District requires a Greensboro zoning permit.
2. The contact information required by 18 V.S.A. 4467 shall be posted in plain sight within the Dwelling Unit.
3. The owner of the dwelling unit or the owner’s designated, geographically proximate representative shall be available and on call 24 hours a day, seven days a week to manage the property. The name, phone number, mailing address, and an emergency contact number of the owner or a designated owner representative for the Dwelling Unit shall be posted in plain sight within the Dwelling Unit.
4. All vehicles associated with the Short-Term Rental of a property, including guests of the short-term renter(s), shall have designated off-road parking and not use shared private driveways, private roads, or public highways.
5. An STR permit does not run with the land. A change of ownership requires a new STR permit.
6. The owner shall obtain the educational information packet regarding Short-Term Rentals provided by the Vermont Division of Fire Safety. See 18 V.S.A. 4468(a).
7. Provisions must be in place for timely trash removal after each rental.

(E) Short-Term Rental in the Shoreland Protection District:
1. The minimum rental period of an STR in the Shoreland Protection District shall be 3
consecutive nights between June 15-September 15 of each calendar year, regardless of the length of the renters’ intended stay or the amount of rent charged by the owner for the STR. All advertising must reflect this on application.

2. The Dwelling Unit or Accessory Dwelling Unit made available for Short-Term Rental shall be rented in its entirety.

3. If the STR shares a dock with other owners in the community, then the STR agreement shall set forth the terms and conditions of usage of the shared dock and shall require the renter to abide by the same.

4. No STR may be made available for large destination events such as parties, conferences, weddings, fundraisers, reunions, or catered events. The Dwelling Unit Capacity of the Dwelling Unit limits the total number of people that may make use of the STR, including guests or invitees of the renter.

(F) Short-Term Rental Permit Application Requirement:

1. The Short-Term Rental of a Dwelling Unit requires a Zoning Permit.

2. The Vermont Short-Term Rental Safety, Health and Financial Obligations Form, as required by 18 V.S.A. 4468(b), shall be completed and posted within the STR in plain sight.

4. Occupancy is based on the number of approved bedrooms as determined by a Wastewater Permit or Lister Card. No additional occupancy is permitted. Accurate occupancy limits must be included in all advertisements of STR.

5. A drawing of the subject property that depicts and identifies the following information: location of all buildings; the location of the septic system and wellhead; the number and location of all parking spaces, including designated off-site parking.

Note: Violation of any conditions of this permit may result in an enforcement action and may affect your ability to rent, sell or transfer clear title to your property.

Appeals of the Zoning Administrator’s decision must be made within 15 days following the date of decision, in accordance with § 5.7 Appeals of the Greensboro zoning bylaws. Failure to appeal this decision will mean that all interested persons are bound by this decision and will foreclose these persons from contesting this decision either directly or indirectly in the future. This permit shall not take effect until the time for such appeal has passed.

Please note that this is only a local permit, and state permits may be needed for your project. Please contact the Permit Specialist at the VT Agency of Natural Resources at (802) 751-0130.
